Sec E :-

P.R Edfu 734

Required Qty (2 pcs) Metal level gauge with transparent glass size (250 × 34 × 17mm) with two mica plates and two gaskets for each piece and mica thickness will be 0.2 mm suitable for steam boilers work pressure 30 bar & temperature=400°C. according to ANSI class 300

Guide Drawings No.321/2001 -323/2001 -327/2001 EDFU

Material construction

* Chamber cover and flanges : ASTM A 105 N

* Glass : Transparent type

* Bolts : A 193 - B7 Nuts : A194 - 2H

* Gaskets : non asbestos

*Valve : ASTM A105 N

*Trim : AISI 316

M. Kenawy

General Conditions

1. The sight glass should be made of durable, heat-resistant materials capable of withstanding conditions found in steam boilers with working pressure =30bar(G), temperature=400°C.
2. The sight glass should be designed to provide clear visibility of the water level in the boiler at all times allowing for easy monitoring and maintenance.
3. The sight glass should be compliant with relevant industry standards and boiler regulations to ensure safe and reliable operation.
4. The supplier should provide all necessary documentation and certification to demonstrate the quality and reliability of the sight glass.
5. The supplier should have a proven track record of supplying sight glasses for steam boilers and be able to provide references from previous clients.
6. The supplier should offer competitive pricing and provide a detailed breakdown of the costs associated with the supply of the sight glass.
7. The supplier should offer a warranty or guarantee on the sight glass for 12months from erection or 18months from delivery whichever earlier.
8. The supplier should have the capacity to deliver the sight glass within the stipulated timeframe and ensure proper packaging and handling to prevent any damage during transportation.
9. The supplier should be able to provide technical support and assistance with the installation and maintenance of the sight glass, if required
10. The supplier is required to provide documentation and certification to verify the origin of the supplied parts, specifically including (Euro. 1) certification for european origin.
11. The origin of supplied items should be : EU- England- USA- Japan
